

Welcome to Cathedral-Carmel School

We encourage your involvement and participation in your child's school related activities. We have a very "family friendly" campus!

All CCS parents who will come in contact with the children through any school related activities, are required to receive **Safe Environment Training.**

This training is mandated by our Diocese of Lafayette.

Our school schedules several training sessions during the year to accommodate our parents. Please contact the school Business Office to learn of all the upcoming Safe Environment Training sessions.

Our goal is to keep all the children of Cathedral-Carmel safe. Thank you for your cooperation in this regard.
